Please note that policy changes since the last issue are indicated by shaded text or shading in the left margin within the policy itself.

Policy 04-08, part II, Addendum A

Administrative correction: We inadvertently misaligned historical maximum amounts in the table 1(a) when adding the 2026 amount in January 2026. We corrected the table in March 2026 to restore prior-year values. There is no associated policy change.
