Qualifications

Dr. Alexandra Hatchell is currently practicing at the University of Calgary, in the Section of Plastic Surgery. She is based at the Peter Lougheed Centre and Tom Baker Cancer Centre, where her clinical focus centers around breast reconstruction and melanoma. She is also a Clinical Lecturer in the Department of Surgery at the University of Calgary. She has been in these roles since September 2021, after working in the Division of Plastic Surgery at Queen's University for a year.

Dr. Hatchell graduated from Queen's University in 2010 after earning a Bachelor of Physical and Health Education and a Bachelor of Science. Dr. Hatchell went on to obtain a Master of Science from Queen's University in 2011, where her research focused on health messaging and behaviour change.

Dr. Hatchell graduated with her medical degree (MD) from McMaster University in 2014 and completed her plastic surgery residency at McMaster University in 2019 and was certified as a Fellow of the Royal College of Surgeons of Canada (FRCSC). Dr. Hatchell fulfilled a microsurgery fellowship with specialization in trauma and oncologic reconstruction at the University of Calgary in 2020. Dr. Hatchell has a keen research focus in the areas of patient-reported outcomes and functional outcomes in reconstructive surgery, and exploring factors that impact operative efficiency and enhanced postoperative recovery in the context of trauma and oncologic reconstruction.

Dr. Hatchell lives in Calgary with her husband and their new puppy, Paddy. She is an avid outdoor enthusiast where you will find her exploring the Foothills and Rockies in her spare time.
